

Environmental Policy

Cla-Val Company is committed to compliance with all applicable environmental and safety laws and to the protection of our employees. Beyond regulatory compliance, Cla-Val seeks to be a good steward of the Environment in which we conduct our business. Cla-Val also seeks to invest and protect its most valuable assets, each and every one of its employees.

The following principals drive this Environmental Policy:

Corporate Leadership

- Cla-Val seeks to continuously improve our environmental stewardship and reduce our ecological footprint, minimizing energy consumption and waste while increasing recycling efforts.
- The company operates our global facilities in a manner that protects our employees, public health, and the environment

Control of our Products

- All of our products are tested and controlled to ensure safety, energy efficiency, and minimal ecological impact.
- Our production processes are regularly audited by all Federal, State and local authorities to ensure compliance will applicable Environmental Standards

Control of our Suppliers

- Environmental stewardship is encouraged with every vendor.
- Key suppliers are regularly audited for Health, Safety, and Pollution conditions.
